### **EDUCATION**

#### Bachelor of Science / Cybersecurity

Sept 2022 - Present, Menomonie, WI

University of Wisconsin, Stout • 3.5 GPA • 2026

### **EXPERIENCE**

#### **Assistant Food Service Leader**

**Kwik Trip** 

June 2022 - Present, Menomonie, WI

- Utilized PowerBI for analyzing sales and data, optimizing food service operations, and driving gross profit growth
- Managed inventory effectively, including ordering, receiving, and maintaining stock levels to meet customer demand.
- Supervised and trained team members, fostering a culture of exceptional customer service and achieving performance targets.
- Maintained and operated food service equipment, ensuring functionality and safety while upholding industry regulations.

### **PROJECTS**

CI/CD Pipeline AWS Project •

2024

- Designed and implemented a CI/CD pipeline using AWS services, including CodeArtifact, CodeBuild, CodeDeploy, CodePipeline and CloudFormation
- Deployed and managed a web application on an EC2 instance via SSH using Visual Studio's remote development features
- Optimized deployment processes to improve efficiency and reliability
- Utilized GitHub for source control and integration with CodePipeline for automated testing and deployment workflows

#### Proxmox Self-Hosted Lab Environment • Personal Project

2024 - Present

- Building and managing a home server on Proxmox to experiment with and deploying self-hosted services Jellyfin
- Implementing Tailscale for VPN functionality and remote access

#### RELEVANT COURSEWORK

Computer Networking Fundamentals 1 and 2

UW-Stout • 2023-2024

• Completed Weekly Labs with Cisco Equipment • OSPF Routing, ACLs, IP Addressing, Security Practices, NAT, VLANs, DHCP, DNS

**Linux Systems & Network Admin** 

UW-Stout • Spring 2024

Completed Weekly Labs using VM-Ware with Rocky Linux 9 • Managed Files System, Groups, Deployed Apache2 Webserver, Networking

Cloud Computing, Design, Security Implementation

UW-Stout • Fall 2024

Completed Weekly Labs using AWS Services
EC2, AWS Lambda, AWS Elastic Beanstalk, IAM, S3 Buckets, EFS

**Workstation and Server** 

UW-Stout • Fall 2024

Completed Weekly Labs using Microsoft Server 2022
Azure, Active Directory Services, Policies, DNS, DHCP

Network System Design, Database Systems, Discrete Mathematics, Data Structures, Python Scripting

UW-Stout

## **CERTIFICATIONS**

Microsoft Excel 2019 • TestOut Linux Pro

# **SKILLS**

Programming: HTML, C++, CSS, Java Script, Python, MySQL, Object-Oriented Programming,

Technical: Networking Fundamentals, Windows Server 2022, AWS, Linux, Data Structures, Database Systems

Skills: Communication, Attention Detail, Leadership, Problem Solving, Documentation
